

# RADIATOR CATALOGUE TRACTOR RADIATORS 2012 - 2013

*Recent sales figures shows by exporting over 40 countries, ERKA has attained it's rightful place in the heat transfer sector by it's quality policy and global business approach.*

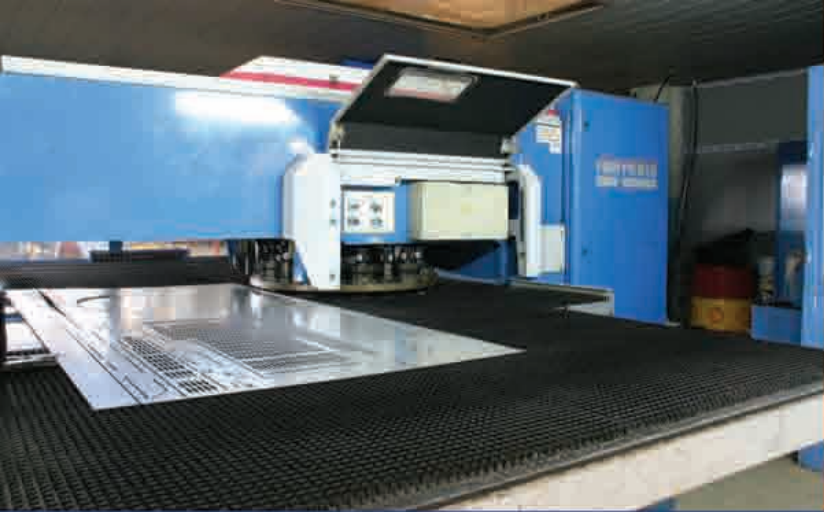

*Panoto, started copper radiator production in 1975 accordingly became one of the foremost group on his sector after incorporate with Erka brand.*

*Panoto-Erka Initially served it's cooling equipments to passenger cars, tractors, trucks, buses and construction machines. On recent restructuring as a part of specialisation, Erka, mainly carries out it's manufacturing for automotive sector, specially for TRACTOR RADIATORS.*

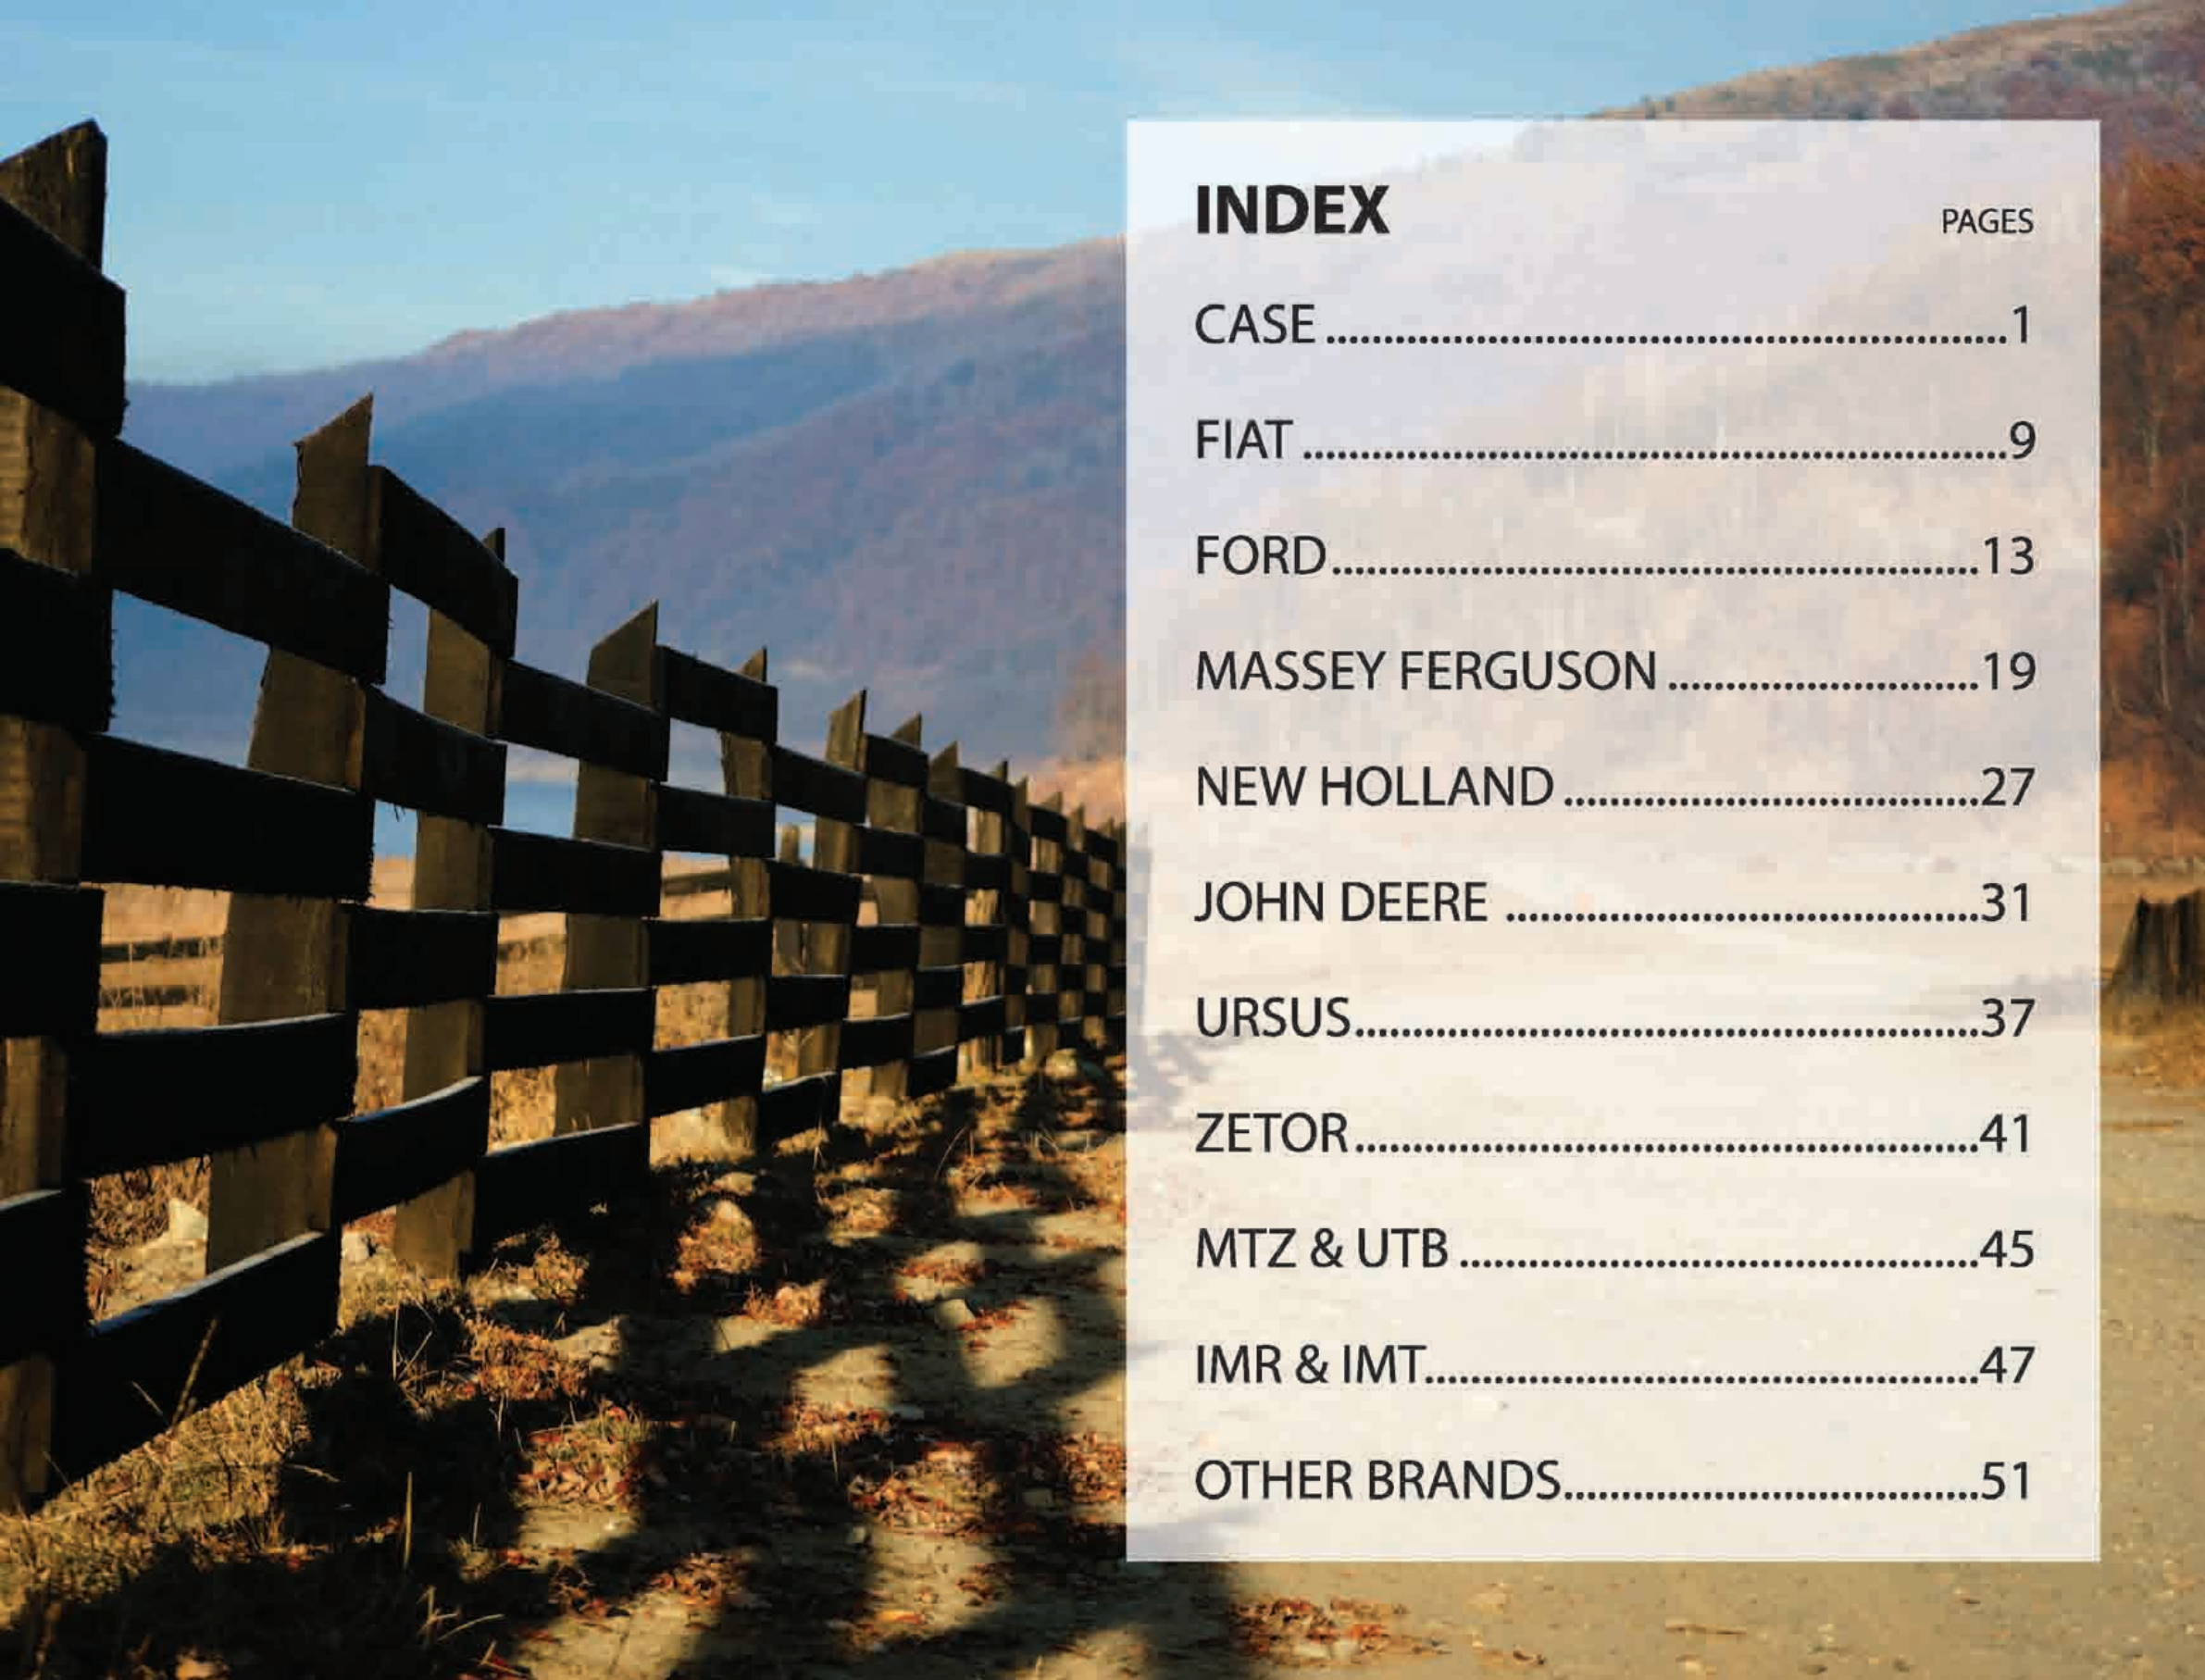

*Referring technology and considerable experience, our goal is providing quality products at lower costs and perfect service to our customers beyond than their expectations*

*Panoto / Erka have highly specialized workforce about 200 people, operates from it's 15.000 m2 indoor area factory which is strategically located at the crossroads of Europe and Asia.*

*Consolidating other business areas on different sectors, Panoto Industiral Cooling Solutions / Erka Automotive Radiators / Kaya Petroleum / Kale Franchaising Chains, comprise a huge group of companies.*
